To whom it may concern,

It is to certify that Mr. Suyog Chaulagain has completed a six-month internship with Everestwalk Group, from 10th May to 10th November 2022. He held the position of **Backend Web Developer**. He was responsible for building and maintaining mechanisms that process data and perform actions on websites. Along with his other duties, he was responsible for the creation of an application that detects diseases in plants "Goodleaf" which was a major factor in our upcoming mega project. His manager is pleased with his timely highlighting and managing of any delays, which could have affected the project completions.

He is a fast learner, and he learned our operations system and organizational culture quickly. With his eagerness to learn, he developed various skills while working with us. His team working skills and friendly nature made him a part of our organization even during the first week. He outdid the expected performance, and we are happy to have the opportunity for training such an enthusiastic candidate. We hope to hire him once he completes his education so that we can utilize his potential to the fullest for the benefit of our organization.

We wish him the best of luck for all his future endeavors.

Regards,

Bishal Shrestha
